

MaterialsEuroRoads

A Forum for Key European Players in the Fields of Foresight and Forecast of Developments in Materials Technology.

The goals of MaterialsEuroRoads:

- **Strengthen** Europe's position in materials technology and research by setting up a network between different strategic European materials actions
- **Enable** a dialogue between key players in foresight and funding agencies, ministries and private investors
- **Support** the European and National funding agencies by identifying materials topics of high priority

The origin of MaterialsEuroRoads:

- **Developed** from the former Specific Support Action "SMART", which was a roadmapping project within the 6th EU Framework Programme

The instruments of MaterialsEuroRoads:

- **Annual Meeting** of the key players:
MaterialsEuroRoads 2007 took place on the 29th March in Paris
- **Internet forum:** www.materialseuroroads.net
provides information in the area of foresight / forecast of materials innovation

Outlook

The next **MaterialsEuroRoads 2008** will take place on **20th May 2008** at the Institute of Materials, Minerals and Mining (IOM3), 1 Carlton House Terrace in **London**.

You are welcome

If you are a key European player in the area of foresight / forecast of materials innovations, and you wish to join the MaterialsEuroRoads Network, please contact Dr. Gerd Schumacher or Dr. Show-Ling Lee-Müller, **Project Management Jülich, Forschungszentrum Jülich, 52425 Jülich, Germany** (ptj-smart-ssa@fz-juelich.de). A membership application should consist of a CV and a short description of your recent and ongoing materials foresight activities.
